TEACH LESS AND GET HIGHER PAY

Moline School Board May Drop Studies in Order to Give Salary Raise.

Moline school teachers have petitioned the board of education for increased compensation. The board wishes to comply with the request, but it has not the funds with which to comply.

It is the intention of the members of the board to make a thorough investigation of the situation for the purpose of determining where savings may be made, and several suggestions have been made that will be reported upon by a committee appointed to conduct the investigation.

It has been proposed that the departments of music, physical culture and penmanship drawing be discontinued until the close of the year in order that the funds used for those branches may be diverted to pay increased compensation to the instructors.

GRAHAM FAVORS FIVE MILE ZONE

Congressman From This District Willing to Father Amendment Increasing Dry Districts.

Congressman William J. Graham from this district has written a letter to Mrs. George W. Wood, corresponding secretary of the Moline Woman's club, in reply to resolutions which had been sent him from the organization urging that the government establish five-mile zones near army cantonments and arsenals for the suppression of saloons, houses of prostitution, gambling and all forms of vice.

In his statement he says that he is willing to introduce an amendment to the present law which provides for half-mile zones in order that this will be extended to five miles, but that he has not been able to secure support for this move.

The letter from him follows: "I am in receipt of your letter of recent date. I am inclined to think that some explanation, perhaps, ought to be made to you of the exact situation, in respect to the five-mile zone. The selective draft act gave to the secretary of war and secretary of navy the right to make closed zones, but it is so framed that the five-mile zone clause, relating to the sale of intoxicating liquors, is restricted to one-half mile in cities and villages that have licensed the sale of liquors; this is not true as to the clause permitting a five-mile zone for the purpose of suppressing prostitution.

In my judgment, amendments should be made to the law, permitting the five-mile zone clause to be extended in all cases, whether it includes a part of the city or not. The administration has been opposed in this extension. I believe that if the secretary of war, or the president, or the secretary of navy, amend the law in the respect noted, it would be at once done. I offered, in a conversation with the secretary of war the other day, to offer a bill making such amendments, but found that they would not meet with the approval of the heads of the department and therefore, would not likely pass. You will understand, of course, that no legislation is being considered at this session except war legislation and that any bill now offered in congress on any subject that has the opposition of the executive officers of the government will doubtless fail.

"I am thoroughly in sympathy with the ideas expressed in your letter. I will do all I can to help you along that line, as I always have done, both in the legislature and in congress. I earnestly hope that the time will soon come when this intoxicating liquor question will be settled and will not distress the people further. The man-made law of the sale of intoxicants at this time is foolish, wasteful and criminal, in my judgment."

DID YOU KNOW

The Moline Central fire station pump went "wrong" yesterday afternoon as it was returning from a call to the near Thirty-second street and Eleventh avenue. It took several hours to have it repaired so that it could be moved.

Automobiles belonging to J. H. Samuels and W. E. Furgie collided yesterday evening at the corner of Sixth avenue and Eighteenth street, Moline. The former's light electric was considerably damaged but both drivers escaped injury.

HAS CLOSE CALL

Charles Watkins, 2719 Tenth avenue, Moline nearly lost his life by suffocating in sand yesterday afternoon when he sunk in a high sand bank on the river front near Eighteenth street. He probably owes his life to the efforts of several fellow-workers and to men employed at the city filtration plant who toiled for two hours before they succeeded in dragging Watkins from the sand. Watkins is employed as a derick operator by Beder Wood's Sons Co. He was assisting in digging sand from the bank yesterday afternoon and had climbed to the top of the heap.

There was a crust covering the bank and Watkins believed that he was solid enough to support him. But he was mistaken, apparently, for he suddenly sank five feet into the soft sand. By holding his hands in front of his face he managed to prevent the sand from reaching his mouth, nose and eyes.

His cries for help brought seven or eight men to the scene. For a time it appeared as though Watkins was going to sink entirely below the surface, and there was considerable excitement in the vicinity.

But ropes were quickly obtained and the rescuers were enabled to place these underneath Watkins' arms and pull him out far enough to allow him to breathe with greater ease. It was 6 o'clock, however, before he was completely dug out of the bank.

Among those who helped pull and dig Watkins to safety was Henry Olefsen, commissionaire of public property. Watkins suffered no ill effects from his experience and is at work again today.

J. M. BOLEN DIES

J. M. Bolen, colored, 1221 Seventeenth street, Moline, passed away yesterday afternoon in a Plov City hospital. Mr. Bolen was born in Missouri and was 46 years old. He resided in Moline only six months and is survived by the widow.

The funeral will be held Sunday morning at 10 o'clock from the Knox chapel. Burial will be in Riverside cemetery.

WAR BONUS FOR TEACHERS VOTED

Instructors in the East Moline High School Are To Be Given \$15 Each at End of Year.

At the meeting of the board of education for the United Township high school, East Moline, held last evening it was voted to give the instructors of the institution a war bonus of \$15 each at the end of the school year. Eight are eligible for the money.

The grade school teachers of East Moline had previously been given an advance of \$5 a month in salary. Miss Milla Beck, Rock Island, supervisor of music, will receive a \$10 bonus.

Arrangements for the annual election of directors were made. The vote will be taken on April 13. The terms of Carl Mitchell, president, George Mason and George Stange expire. Mr. Mitchell and Mr. Mason who has been filling out an unexpired term for the past year, are both candidates for re-election but Mr. Stang will not be. William Philbert has also filed a petition. H. J. Best and T. J. Chambers were named officials for the election.

During the past year an indebtedness of \$10,000 has been paid off and it has cost less than \$4,000 to run the school which is thought to be an unusual record. The condition of the school finances is said to be very satisfactory.

GREEKS TO CELEBRATE

Greeks of the quad-cities will celebrate the 97th anniversary of the independence of Greece with a big demonstration to be held in Moline Sunday morning and afternoon.

The date, April 7, is to the native of Greece what July 4th is to Americans. It is celebrated in Greece as independence day, for on that day in 1821 Greece obtained her independence from Turkey.

The morning ceremonies will be held in St. George church. In the afternoon the celebrants will go to Turner hall where a program of songs, speeches and several one-act dramas will be presented. A letter has been addressed to Colonel L. T. Hillman, requesting him to permit soldiers who are natives of Greece to attend the ceremonies. On April 26, 27 and 28 members of the Greek Catholic church residing in the tri-cities will celebrate Easter, the ceremonies to be held in Moline.

LOAN MEETINGS PLANNED

G. A. Shalberg has been designated by Mayor M. R. Carlson, Moline, to speak at Cordova Saturday evening, April 6. Floyd Todd will speak at Hillside and M. J. McEniry will take the stump at Osborn. The gatherings are to boost the Liberty loan.

Police News

Frank Gustafson, who was confined to his home with illness during the last three or four days, greeted friends with the old smile today and resumed his activities as police magistrate of Moline.

Incidentally he delivered a prohibition and temperance lecture to three persons who were arraigned in his court on charges of intoxication. They were each fined \$1 and costs.

When Burt Geer awoke in his room at 350 Seventh street, Moline, this morning he discovered that his roommate, William Wimpsett, was already up and away. So was Wimpsett's suit case.

Gger looked under his pillow, for he had placed \$51 there last night. The \$51 was gone. A warrant for the arrest of Wimpsett on a charge of larceny was issued.

U. S. Bartholow has notified the police that his room at 1920 Third avenue, Moline, was entered yesterday afternoon and a revolver valued at \$12 taken.

Mrs. Clara Keys, 12 Bolton place, Lowell, Mass., has asked the Moline police for assistance in locating Mrs. Laura Patterson, a former resident of Moline and Highland addition.

Mrs. Patterson's mother recently died, according to Mrs. Keys. The police are informed that for many years Mrs. Patterson lived on South Thirty-second street and that she had three children by a former marriage. The city directory does not have the name Laura Patterson.

SOON TIME TO PAY

Don't forget to pay the next installment on your subscription to the Moline community war chest, April 15!

Contributors would bear this date in mind and not fail to remit promptly. Remittances should be made to the bank you have designated on the subscription card, direct to M. J. Duryea at the Moline Commercial club or to your employer, as the case may be. In order to save postage and the cost of printing no receipts will be given on monthly payments. For this reason payment with check is recommended.

There is little chance of the contributor not being given proper credit, as the card system used by Mr. Duryea in keeping track of the payments is now complete in every detail.

PLAN PATRIOTIC MEETING

Tomorrow evening at the Silvis school there will be a patriotic mass meeting to observe the first anniversary of the entrance of America in the world war. Addresses are to be made by President Richards of the school board, Rev. M. B. Van Leer and S. D. Merchant. There will be music and other features.

HONOR IS GIVEN TO REGISTRANTS

Large Gathering at Rock Island Depot Bids Farewell to Continuing Leaving for West.

Cheering, waving flags and singing songs, the biggest crowd that has yet turned out to give a community farewell to departing soldiers, thronged the streets of Moline last evening to give the contingent of 215 men leaving for Fort Rosencrans, Cal., a royal sendoff.

All street car traffic was stopped for an hour because of the great congestion at Fifteenth street and Fourth avenue. While many in the crowd were in tears the soldier lads themselves seemed to be happy except one lad, who, after getting on the coach and seated, began to cry, leaning his head on the window sill and losing control of himself entirely. Candy, oranges, cigars and sweaters were given to the registrants by Red Cross members.

Following a final roll call at the Moline Commercial club and a patriotic address by E. C. Knott, United States district attorney, the men marched to the Rock Island depot, headed by Chief Ben DeJaeger and Note's Belgian band.

There came six women of the Moline Red Cross, Moline Plov company band, Eagles' drum and bugle corps and the men.

Because of a delay in furnishing the men with transportation and meal tickets, it was necessary for John Coburn of the exemption board to remain on the train until it reached Nahant, Iowa.

Before the train left Otto W. Erhardt, who was placed in charge of the contingent, made a brief talk at the station in which he expressed the appreciation of the men for the kindnesses shown them.

MANY PROPERTY CHANGES.
Property is changing hands at a rapid rate in Moline. One real estate firm reports that within the last two weeks, 13 lots and two houses have been sold. Recently Hans Tank purchased the Freeman property of two and one-half acres on the Third street hill and Frank Reynolds bought a house at 1191 Sixth avenue. Elmer Devoas has bought two lots in Palmer & Albright's first addition, and Lee Dow has become owner of two lots in Cotton Grove addition.

Earl Smeltz of East Moline struck an electric pole last evening at Thirtieth and State streets, East Moline, while riding a motorcycle. His knee cap was broken, and he was conveyed to the Moline hospital. Smeltz changed his course quickly to avoid a group of boys playing in the street and the accident resulted.

EAST MOLINE

Dr. R. N. Nelson, who has been practicing at Horicon, Wis., has been here for a visit with his parents, Mr. and Mrs. N. R. Nelson. He has volunteered to help Uncle Sam and departed Tuesday evening for Fort Riley, Kan.

Kenneth Russell, John Doxle, Loren Allsbrow of East Moline and Milton Ball, John Newton were in the quota that left Moline for Fort Rosencrans, Cal., last night.

A private dancing party will be held next Tuesday evening at Odd Fellows' hall. White's banjo orchestra will furnish music.

The annual ball given Tuesday evening by the Woman's club of Silvis was not as largely attended as usual. The ladies think it was not advertised as well and then so many young men have gone into the service, but any way, they had a splendid time, and about \$15 was cleared, which will be used to help pay for their Liberty bond purchased in the second drive. They are planning now to sponsor a card and knitting party combined early in May.

The K. P. lodge met last night at a regular meeting. The usual good time following the business session was enjoyed. The new brothers of the order who have recently come to East Moline are always welcome.

The all-day work meeting of the Methodist Aid, held yesterday at the home of Mrs. G. F. Schilling, was a very pleasant affair. There was a large attendance, one visitor, Mrs. Aultree, assisted the ladies in quilting. They finished all the quilting they had on hand. Each lady brought something for lunch. No decision was reached as to where the aid will next meet.

Mr. and Mrs. Harry Hockman will entertain the Entre Nous Card club Saturday evening.

The graduating class of the East Moline township high school has chosen for the class play "The Masonic Ring." Mrs. G. A. Nelson will coach the cast. The play will be given April 19. There are eight in the class. The cast is: Roderick York, Leonard Nelson, Farbrother, a detective, Gleaner Ford, Hull of O. Raymond Klingebiel, Mrs. Roderick York, Bernice Mason, Peace York, Lila Lundquist, Madam York, Hilma Anderson, Ethel Winn, Margaret McGinnis, Miss Delancey Jones, Edith Forrest, Tildie McCormick, Margaret Williams, Lila Todd.

Canada made me prosperous
—that's what thousands of farmers say, who have gone from the U. S. to settle on homesteads or buy land in Western Canada. Canada's invitation to every industrious worker to settle in Manitoba, Saskatchewan or Alberta is especially attractive to farmers who want to make money and have a prosperous home for themselves by helping their raise immense wheat crops to feed the world.

You Can Get a Homestead of 160 Acres FREE
or other lands at very low prices. Where you can buy good farm land at \$15.00 to \$30.00 per acre that will raise 20 to 45 bushels of wheat to the acre — it's easy to become prosperous. Canadian farmers grow wonderful crops of Oats, Barley and Flax. Mixed Farming is fully as profitable as industry as grain raising. The excellent grasses, full of nutritious food for stock, are the only food required either for feed or dairy purposes. Good schools and churches, markets convenient, climate excellent. Write for literature and particulars as to how to obtain land free to Sept. 1st, 1918, in Canada, or to C. J. Broughton, 112 W. Adams St., Chicago, Ill. Canadian Government Agent.

Nujol Habits—and No More Piles

Read this remarkable letter:—

NUJOL LABORATORIES, STANDARD OIL CO. (New Jersey), BAYONNE, N. J.

Gentlemen:—

For 8 years I was a clerk in a bank on the Pacific Coast, it necessarily being a confining position. During that time, and also before, I was troubled with bilious headaches (one every two months or so) and suffered with chronic constipation. The last three or four years I have had piles in bad shape, trying several doctors with little relief.

Moving to Forsyth about 2 years ago I tried outside work for 9 months but seemed to be as bad as before.

Saw a "Nujol" ad one day in some magazine and thought I'd give it a trial.

In all I have taken three bottles. After about the third or fourth tablespoonful the benefits were very marked and since using same I have not had one headache and am now as regular as the sun himself and the piles are getting much better.

Nothing I can say or write can anywhere near express the wonderful benefit your remedy has done for me.

Very truly yours,
(Name and address on request).

November 21, 1916.
